Advancing the Common Good:

One Gift...a thousand results.

Your undesignated gift funds more than 50 local programs through the Community Solutions Fund. United Way is working to advance the common good by focusing on education, income and health. One gift addresses many problems while providing a safety net for our community's basic needs.

These three priority areas are the building blocks for a good life - a quality education that leads to a stable job, enough income to support a family through retirement, and good health.

EDUCATION

Helping children and youth achieve their potential through education.

INCOME

Helping families become financially stable and independent.

HEALTH

Improving People's Health.
